Fantasy Tribes

A new dimension in fantasy figures:

Our Fantasy Tribe Gnome figures have been our most popular range ever. Why? Because within each code number there is a possible variation of over 20 types of each model. With our unique moulding techniques we are able to vary heads and equipment, thus creating personalised figures.

Now we have applied our personalised figure techniques to our new Fantasy Tribe Dwarves, and they are, what we believe to be, the first really definitive range of dwarves.
