Fantasy Tribes

A new dimension in fantasy figures:

Our Fantasy Tribe Gnom figures have been our most popular range ever. Why? Because within each code number there is a possible variation of over 20 types of each model. With our unique moulding techniques we are able to vary heads and equipment, thus creating **personalised figures**.

Now we have applied our **personalised figure** techniques to our new Fantasy Tribe Dwarves, and they are, what we believe to be, the first really definitive range of dwarves.
