CITADEL MINIATURES

A Division of Games Workshop Ltd.
10 VICTORIA STREET, NEWARK, NOTTS.
TEL: 0636 77495

Dear Customer,

Thank you for buying our catalogue of figures. I am sure you won't be disappointed with the selection of ranges we have to offer whether you are a science fiction and fantasy gamer or a wargamer.

We at Citadel are very proud of our work. In fact, each master figure is individually hand-sculpted by our own craftsmen. Perhaps that is why we win so many awards with our figures.

We have won the overall Games Day Award for 'Best Manufacturer' in 1979, 1980 and 1981 - and we only started up in 1978! Many of our ranges have won individual awards which you will see inside the catalogue.

As soon as you buy your first Citadel figure you will know you have bought something special. Chances are, you will be voting for us next year.

Yours sincerely,

Bryan Ansell
General Manager

P.S. Please note that the photographs in this catalogue are actual size.

Price List

Unless otherwise stated all ranges in this catalogue are 25mm scale. Each figure is individually price coded. We have noticed an increasing trend among collectors and gamers, both historical and fantasy, to buy our figures in regiments. To enable this to continue economically, all our figures are available in packs of ten figures of the *same figure code number* at a discount price. These Economy Packs are supplied in a plain zip-lock bag. Where price code H figures are shown supplied in threes, their Economy Pack contains *ten* figures, not thirty. The prices that relate to the codes are:

PRICE CODE	PRICE	ECONOMY PACK (Same Figure Codes Only)	Should there be any price changes in the future, these will be announced in our national advertising.

Dark Ages

A range of Dark Age figures covering the late 7th Century up to and including the 11th Century. This range also features our unique concept of individual figures. Most of the Arabs, Turks, Vikings and Carolingians have been specially prepared to have different faces, helmets and shields to provide individualised figures of the same kind. This gives 20+ different Arab spearmen, for example. Thus each pack of a figure is likely to be different, providing you with forces with an authentic individuality.
